About UNGEI in East Asia Pacific

The East Asia Pacific Regional United Nations Girls’ Education Initiative (EAP UNGEI) is a partnership of experts and organisations promoting the right to education and gender equality for all.

Our goal is to narrow the gender gap in primary and secondary education and to ensure that by 2015, all children complete primary schooling, with girls and boys having equal access to all levels of education.

What we do

EAP UNGEI aims to strengthen programmes for girls’ education by ensuring national education plans are gender responsive. We do this through advocacy, sharing knowledge and building partnerships. To learn more visit www.ungei.org
